**Appendix A**  
**Glossary of Implementing Agencies**

<b>Agency Abbreviation</b>	<b>Agency Name</b>
CLC	College of Lake County
CAO	Lake County Administrator's Office
Communications	Lake County Administrator's Office, Communications Division
CVB	Lake County Convention and Visitors Bureau
Farm Bureau	Lake County Farm Bureau
Fire Chiefs Assoc.	Lake County Fire Chiefs Association
Health Dept.	Lake County Health Department/Community Health Center
HP Commission	Historic Preservation Commission (not yet existing)
ICC	Illinois state Interagency Coordination Committee
IDOT	Illinois Division of Transportation
IEPA	Illinois Environmental Protection Agency
ISWS	Illinois State Water Survey
JAWA	Joint Action Water Authority
LCDOT	Lake County Division of Transportation
LCEMA	Lake County Emergency Management Agency
LCFPD	Lake County Forest Preserve District
LCP	Lake County Partners for Economic Development
LCPW	Lake County Public Works Department
Map Services	Lake County Information and Technology Department, Map Services Division
Park Districts	Municipal park departments and districts
PB&D	Lake County Planning, Building, and Development Department
Planning Councils	Multi-jurisdictional planning councils, such as the Rt. 12 Corridor Council and the Rt. 173 Corridor Council
Police	Lake County municipal police departments
SAO	Lake County State's Attorneys Office
School Districts	Lake County school districts
Sheriff	Lake County Sheriff's Office
SMC	Lake County Stormwater Management Commission
SWALCO	Solid Waste Agency of Lake County
Task Force	Various task forces proposed in this Plan
TMA's	Transportation management associations
USACE	United States Army Corps of Engineers
USGS	United States Geological Survey

<p><b>DRAFT REGIONAL FRAMEWORK PLAN</b></p> <p><b>Chapter 3: Economy and Employment</b></p> <p><b>VISION: In the year 2020, Lake County will have a balanced mix of commercial development that meets the shopping and service needs of residents, provides local access to good jobs, and a sound tax base for the community.</b></p>	RPC Goal and Policy Priority	Legislation Needed	Inter-governmental	County Departments/Agencies	Non-County Agencies
<p><b>3.1 Goal:</b> Well-balanced communities as defined by a community's desired mix of residential and commercial development, open space, local access to good jobs, and low unemployment.</p>	1				
<p>3.1.1 Policy: Attract an employment mix consisting of retail, office/research, restaurants and entertainment venues, manufacturing, and warehouse and distribution enterprises, in a manner consistent with local planning objectives and this <i>Regional Framework Plan</i>.</p>	MH		County and Municipalities	LCP	LCP
<p>3.1.2 Policy: Provide a balance of business opportunities to reflect local factors of the area and individual sites, and recognize regional, community, and neighborhood commercial opportunities.</p>	MH		County and Municipalities	LCP	LCP
<p>3.1.3 Policy: Promote business development and redevelopment in communities with per capita EAV below the median EAV, or per capita state payments that are below the median payment, or less than 2 jobs per household, in a manner consistent with local planning objectives and this <i>Regional Framework Plan</i>.</p>	H		County and Municipalities	LCP	LCP
<p><b>3.2 Goal:</b> Efficient utilization of existing and new infrastructure, in a manner consistent with local planning objectives and this <i>Regional Framework Plan</i>.</p>	3				
<p>3.2.1 Policy: Designate land use on the Future Land Use Map to accommodate potential business development and redevelopment that provides a variety of job opportunities and enhance the local sales and property tax base, in a manner consistent with local planning objectives and this <i>Regional Framework Plan</i>.</p>	H		County and Municipalities	PB&D	
<p>3.2.2 Policy: Direct commercial and light industrial uses to locations in close proximity to arterial roadways and at sites served by necessary public services, in a manner consistent with local planning objectives and this <i>Regional Framework Plan</i>.</p>	H		County and Municipalities	PB&D; LCPW	
<p>3.2.3 Policy: Establish impact fees so that new development pays for the increased public services and infrastructure required to serve the development.</p>	M	yes	County, Municipalities, School Districts	CAO; PB&D; LCPW; SAO	Fire Chiefs Assoc.
<p>3.2.4 Policy: Promote the development of a countywide high tech infrastructure.</p>	ML		County and Municipalities	LCP	LCP
<p><b>3.3 Goal:</b> A well-educated workforce that meets the needs of existing and future business and industry.</p>	2

<p><i>DRAFT REGIONAL FRAMEWORK PLAN</i></p> <p><b>Chapter 3: Economy and Employment</b></p> <p><b>VISION: In the year 2020, Lake County will have a balanced mix of commercial development that meets the shopping and service needs of residents, provides local access to good jobs, and a sound tax base for the community.</b></p>	RPC Goal and Policy Priority	Legislation Needed	Inter-governmental	County Departments/Agencies	Non-County Agencies
<p>3.3.1 Policy: Encourage business development, in a manner consistent with local planning objectives and this <i>Regional Framework Plan</i>, that has the potential to utilize job skills found in the existing local labor force.</p>	M		County and Municipalities		LCP
<p>3.3.2 Policy: Provide superior academic, vocational, and technical training programs, and education opportunities to increase economic productivity and to meet the specific requirements of new and existing businesses.</p>	H				School Districts
<p><b>3.4 Goal:</b> Maintain and improve the Lake County economy and business climate and foster cooperation between communities.</p>	4				
<p>3.4.1 Policy: Utilize Lake County economic development activities as tools to stimulate the redevelopment of the Lake Michigan shoreline communities and other areas in need of reinvestment, as identified in Chapter 6, Community Revitalization.</p>	MH		County and Municipalities		LCP
<p>3.4.2 Policy: Stimulate private investment and economic activity that encourage retention and expansion of existing businesses through selective public improvements and programs.</p>	MH		County and Municipalities	LCPW; LCDOT	LCP
<p>3.4.3 Policy: Encourage the development or relocation of new business, through selective public improvements and programs, which provide locally unavailable products or services and that increase the economic diversity of the County.</p>	ML		County and Municipalities	LCPW; LCDOT	LCP
<p>3.4.4 Policy: Provide plans and land use controls that increase the opportunity for economic development, in a manner consistent with local planning objectives and this <i>Regional Framework Plan</i>.</p>	M		County and Municipalities	PB&D	LCP
<p>3.4.5 Policy: Provide mechanisms for coordinating and maximizing the cost effectiveness of county, municipal, and private sector economic development activities.</p>	ML		County and Municipalities		LCP
<p>3.4.6 Policy: Assist existing and prospective businesses in obtaining and reducing the cost of land, labor, and training, in disinvested communities with per capita EAV below the median EAV, or per capita state payments that are below the median payment, or less than 2 jobs per household. The County and municipal governments will invite real estate investment through appropriate zoning changes, appropriate tax incentives, and appropriate public expenditures.</p>	MH		County and Municipalities	PB&D	LCP
<p><b>3.5 Goal:</b> Promote tourism in Lake County.</p>	5

<b>DRAFT REGIONAL FRAMEWORK PLAN</b>		RPC Goal and Policy Priority	Legislation Needed	Inter-governmental	County Departments/Agencies	Non-County Agencies
<b>Chapter 4: Environmental Resources, Open Space, &amp; Farmland</b>						
<b>VISION: In the year 2020, Lake County will have an open space network that preserves natural resources, cultural resources, and farmland to promote and enhance functioning ecosystems, agricultural activities, and the quality of life of all residents.</b>						
4.2.2 Policy:	Encourage local governments to require that open space protected through the development review process align with existing and potential adjacent open space and trails.	H		County and Municipalities	LCDOT; SMC	LCFPD
4.2.3 Policy:	Encourage local governments to require developers of large parcels to provide public access easements on areas identified as open space via deed restrictions or homeowners association ownership.	M		County and Municipalities	PB&D; LCDOT	LCFPD; Park Districts; IDOT
4.2.4 Policy:	Encourage the use of cluster development (conservation subdivision) design to retain open space within developing areas.	M			PB&D	
4.2.5 Policy:	Recognizing the need of the Lake County Forest Preserve, state of Illinois, and federal resource agencies to act quickly when land becomes available and to negotiate purchases in confidence; municipalities and preservation agencies should proactively coordinate their long range plans to avoid conflicts regarding future land use, acquisitions, and annexations.	MH		County, Municipalities, & Agencies	SMC; IDOT	LCFPD
<b>4.3 Goal:</b>	Protect existing water resources and water quality including lakes, streams, floodplains, and wetlands, from detrimental and unnecessary modification so that their beneficial functions are maintained and public expenditures and damages are minimized.	<b>8</b>				
4.3.1 Policy:	Identify, map and prioritize all components of the natural hydrologic system. Select critical components for a high level of public protection, enhancement and management.	MH		County and Municipalities	PB&D; SMC	
4.3.2 Policy:	Establish a financial mechanism and program to acquire remaining undeveloped natural waterways and hydric soils areas through the tools of fee simple purchase, conservation easements, transfer of development rights and developer dedications.	ML	yes	County and Municipalities	SAO; SMC; PB&D	
4.3.3 Policy:	Coordinate all federal, state, local, and private non-profit natural resource groups and their activities toward mutual goals and consensus priorities utilizing a shared GIS database and environmental restoration models as the organizational platform.	M		County, Municipalities, & Agencies	PB&D; SMC; LCPW	
4.3.4 Policy:	Lake County will promote the use of Best Management Practices to continue to improve the quality of effluent and other discharges into surface water.	M		County	PB&D; SMC; Health Dept.	
<b>4.4 Goal:</b>	Reduce or mitigate the environmentally detrimental effects of existing and future runoff in order to improve and maintain water quality and protect water related environments.	<b>3 (tie)</b>				
4.4.1 Policy:	Require full, functional mitigation for all physical and environmental impacts resulting from disturbance or alterations to water resources.	H			PB&D; SMC

<b>DRAFT REGIONAL FRAMEWORK PLAN</b>		RPC Goal and Policy Priority	Legislation Needed	Inter-governmental	County Departments/Agencies	Non-County Agencies
<b>Chapter 4: Environmental Resources, Open Space, &amp; Farmland</b>						
<b>VISION: In the year 2020, Lake County will have an open space network that preserves natural resources, cultural resources, and farmland to promote and enhance functioning ecosystems, agricultural activities, and the quality of life of all residents.</b>						
4.4.2 Policy:	Utilize natural systems and solutions for water quality and quantity mitigation in preference to structural improvements.	MH		County and Municipalities	PB&D; SMC	LCFPD
4.5 Goal:	Establish comprehensive watershed management plans within each sub-watershed, which quantify, plan for, and manage stormwater flows, absorption, and transpiration within and among the jurisdictions in those watersheds.	6				
4.5.1 Policy:	Require all development plans, Facility Planning Area (FPA) Amendments and engineering plans to be consistent with the watershed's resources and capacity limitations.	MH		County and Municipalities	PB&D; SMC	
4.5.2 Policy:	Watershed plans shall be developed at a level of detail to sufficiently guide member jurisdictions in development location, land use intensity and design decisions so that the natural hydrologic system is not overwhelmed and degraded.	M		County and Municipalities	SMC; PB&D	
4.6 Goal:	Identify and preserve historic, archaeological, and paleontological resources and scenic corridors and vistas in Lake County, in cooperation with municipal and other local government agencies.	7				
4.6.1 Policy:	Assemble the available information on known historic, archaeological, and paleontological sites in Lake County, in cooperation with municipal and other local government agencies.	MH		County, Municipalities, & Agencies		LCFPD; HP Commission
4.6.2 Policy:	Inventory scenic landscapes and corridors, in cooperation with municipal and other local government agencies.	MH		County, Municipalities, & Agencies	SMC; PB&D	
4.6.3 Policy:	Develop a procedure for informing the State Director of Historic Preservation of public or private undertakings 1) that are proposed for high probability archaeological areas; or 2) that might adversely effect historic resources, in accordance with Illinois Statutes.	L		County and Municipalities	PB&D; SAO	
4.6.4 Policy:	Create a historical preservation commission to develop a Countywide historic preservation program and to advise the County Board, municipalities, and regional organizations on historic preservation issues.	L		County and Municipalities	CAO; PB&D	HP Commission
4.7 Goal:	Protect the aquifer recharge areas and groundwater resources of Lake County and the region.	1

<p><b><i>DRAFT REGIONAL FRAMEWORK PLAN</i></b></p> <p><b>Chapter 4: Environmental Resources, Open Space, &amp; Farmland</b></p> <p><b>VISION: In the year 2020, Lake County will have an open space network that preserves natural resources, cultural resources, and farmland to promote and enhance functioning ecosystems, agricultural activities, and the quality of life of all residents.</b></p>	RPC Goal and Policy Priority	Legislation Needed	Inter-governmental	County Departments/Agencies	Non-County Agencies
<p>4.7.1 Policy: Join with other governmental agencies to petition for state and federal funding for research to determine the amount of water available in the deep bedrock and shallow aquifer systems that serve Lake County.</p>	H	yes	County, Municipalities, & Agencies	LCPW; Health Dept.; CAO; PB&D	ISWS; USGS
<p>4.7.2 Policy: Join with other government agencies to fund studies and develop a monitoring program to discover the impacts of water withdrawals on aquifers and surface waters.</p>	H	yes	County, Municipalities, & Agencies	LCPW; Health Dept.; CAO; PB&D	ISWS; USGS
<p>4.7.3 Policy: Join with other governments to provide funding to identify capture zones around public water wells and map groundwater contamination potential throughout the region.</p>	H	yes	County, Municipalities, & Agencies	LCPW; CAO; PB&D	ISWS; IEPA
<p>4.7.4 Policy: Prepare local aquifer recharge area and groundwater protection plans that consider, among other factors, land use and zoning, open space preservation, and Best Management Practices.</p>	H		County, Municipalities, & Agencies	PB&D; SMC; Health Dept.	LCFPD; ISWS
<p><b>4.8 Goal:</b> Preserve select remaining farmland.</p>	9				
<p>4.8.1 Policy: Promote new and expanded farming activities, including equestrian operations and businesses that provide fruits and vegetables, landscaping materials, and other agricultural products directly to consumers.</p>	MH		County and Agencies	PB&D	LCFPD
<p>4.8.2 Policy: Create a public-private task force to develop the concept of the model “working” farm that incorporates the heritage of farming in Lake County as well as the latest farming methods.</p>	M			County Board; PB&D	LCFPD; CVB; Farm Bureau
<p>4.8.3 Policy: Invite a broad range of persons and businesses involved in the growing and raising of agriculture products to analyze the impacts of County regulations on farming operations. The main purpose would be to identify County regulations that make it difficult to start, expand, or continue agriculture operations.</p>	M			County Board; PB&D	Task Force; Farm Bureau
<p>4.8.4 Policy: Develop a working relationship with conservation trusts and open space preservation organizations to potentially establish partnerships to protect farmers who want to keep farming but need financial incentives.</p>	M			County Board; PB&D	Task Force; Farm Bureau

<b>DRAFT REGIONAL FRAMEWORK PLAN</b>		RPC Goal and Policy Priority	Legislation Needed	Inter-governmental	County Departments/Agencies	Non-County Agencies
<b>Chapter 4: Environmental Resources, Open Space, &amp; Farmland</b>						
<b>VISION: In the year 2020, Lake County will have an open space network that preserves natural resources, cultural resources, and farmland to promote and enhance functioning ecosystems, agricultural activities, and the quality of life of all residents.</b>						
4.8.5 Policy: Study other alternatives as time and resources permit to help retain the farming, open space, and scenic vistas for future generations.		ML			PB&D	
4.8.6 Policy: Commit more park planning, land acquisition and residential development planning to accommodate equestrian interests.		ML		County and Municipalities	PB&D	LCFPD; Park Districts
4.8.7 Policy: Lake County will consider providing funding for farmland preservation.		MH		County	County Board; PB&D	
<b>4.9 Goal:</b> Eliminate deficiencies in existing environmental inventory maps by identifying and mapping forest lands, additional resource protection open space, aquifer recharge areas, and historic and scenic resources in Geographic Information System formats for inclusion on future environmental inventory maps.		<b>10</b>				
4.9.1 Policy: Form cooperative arrangements with the Lake County Management Services Department and federal, state, and local resource agencies to inventory and map forest lands for inclusion on future environmental inventory maps.		ML		County, Municipalities, & Agencies	Map Services	
4.9.2 Policy: Form cooperative arrangements with the Lake County Management Services Department and federal, state, and local resource agencies to inventory and map resource protected open space areas, including municipal and township open space, private conservation areas, and deed restricted open space for inclusion on future environmental inventory maps.		ML		County, Municipalities, Townships, & Agencies	Map Services	
<b>4.10 Goal:</b> Improve air quality in Lake County to consistently exceed federal standards.		<b>5</b>				
4.10.1 Policy: Develop a land use pattern and other policies that provide more transportation options and decrease trip lengths in order to reduce the growth in traffic congestion, fuel consumption, and air pollution.		H		County and Municipalities	PB&D	
4.10.2 Policy: Review the feasibility of replacing County vehicles with high efficiency, low emission vehicles.		M		County	LCDOT	
4.10.3 Policy: Promote public awareness of air pollution problems and encourage a shift from less efficient, more polluting vehicles, toward more efficient, less polluting vehicles.		MH		County	PB&D

DRAFT REGIONAL FRAMEWORK PLAN Chapter 5: Infrastructure and Services WATER SUPPLY SECTION	RPC Goal and Policy Priority	Legislation Needed	Inter-governmental	County Departments/Agencies	Non-County Agencies
<b>5.1 Goal:</b> Assure an adequate, sustainable supply of safe water.	<b>1 (tie)</b>				
5.1.1 Policy: Lake County supports expediting aquifer mapping in all ways possible including financial assistance to complete the aquifer assessment within five (5) years to provide a sound data base for future water protection.	ML	yes	County and Municipalities	CAO; PB&D	
5.1.2 Policy: Petition local, state, and federal delegations for funding of the research, mapping, and assessment projects needed to plan for an adequate, sustainable supply of safe water.	M	yes	County and Municipalities	CAO	
5.1.3 Policy: Petition the Illinois General Assembly to create a state water law to require a consumptive use permit for high capacity wells that produce 100,000 or more gallons per day or 70 gallons per minute and for wells supplying community water systems as currently defined, which criteria must include water conservation and protection of the local water supply.	H	yes	County and Municipalities	CAO; PB&D	
5.1.4 Policy: In the best interest of all Lake County residents, the County, and municipalities will adopt ordinances to require a community water resources plan (see Definitions.)	ML		County and Municipalities	PB&D; SAO	
5.1.5 Policy: Local governments should prepare aquifer recharge area and groundwater protection plans and ordinances which will consider, among other factors, land use and zoning, open space preservation, and Best Management Practices.	H		County and Municipalities	PB&D; SMC; Health Dept.; SAO	
5.1.6 Policy: Incorporate aquifer protection objectives into public land acquisition decisions.	ML		County and Municipalities	SMC	LCFPD; Park Districts
5.1.7 Policy: Local governments should require that the capital costs for future water supply projects will be wholly supported financially by the users.	M		County and Municipalities	LCPW	JAWA
5.1.8 Policy: The Lake County Health Department will adopt a regulation that will require that any new private water well system be able to provide an adequate supply of water for the sanitary needs of the dwelling or use.	L		County and Municipalities	Health Dept.; SAO	
<b>5.2 Goal:</b> Protect ground and surface water supplies from contamination.	<b>3</b>				
5.2.1 Policy: Promote federal and state legislation that would 1) establish a fee system to discourage polluting water sources, including pollutants that enter surface waters from the air; 2) provide fines and other appropriate measures when violations occur; and 3) enforce state permits through annual inspections.	MH	yes	County and Municipalities	CAO

<p><i><b>DRAFT REGIONAL FRAMEWORK PLAN</b></i>  <b>Chapter 5: Infrastructure and Services</b>  <b>WATER SUPPLY SECTION</b></p>	<p>RPC Goal and Policy Priority</p>	<p>Legislation Needed</p>	<p>Inter-governmental</p>	<p>County Departments/Agencies</p>	<p>Non-County Agencies</p>
<p><b>5.2.2 Policy:</b> Identify and reduce point and nonpoint sources of pollution to surface and groundwater quality. These sources include but are not limited to urban stormwater runoff; road runoff; agricultural runoff; septic wastes; surface waste disposal; and air deposition.</p>	<p>MH</p>			<p>PB&amp;D; SMC; Health Dept.</p>	
<p><b>5.2.3 Policy:</b> Join with other governments and academic institutions to develop a water quality research program on the distribution, fate, transport, and treatment of natural chemicals and contaminants in ground and surface water.</p>	<p>L</p>		<p>County, Municipalities, ISWS</p>	<p>CAO; PB&amp;D; Health Dept.</p>	<p>ISWS; IEPA; USGS</p>
<p><b>5.2.4 Policy:</b> Identify and map groundwater contamination potential throughout the region around public water wells.</p>	<p>L</p>		<p>County and Municipalities</p>	<p>Health Dept.; SMC; PB&amp;D</p>	<p>ISWS; IEPA; USGS</p>
<p><b>5.2.5 Policy:</b> Incorporate aquifer protection objectives into land acquisition decisions.</p>	<p>L</p>		<p>County and Municipalities</p>	<p>SMC</p>	<p>LCFP; Park Districts</p>
<p><b>5.3 Goal:</b> Emphasize conservation and the wise management of water resources.</p>	<p><b>1 (tie)</b></p>				
<p><b>5.3.1 Policy:</b> Lake County and the municipalities outside the Lake Michigan service area should implement the Lake Michigan Water Conservation Program which includes: 1) plumbing code requirements for metering water service, restricting lawn sprinkling, and water efficient plumbing fixtures; and 2) limit unaccounted for flow to no more than 8% of a water system's total pumpage.</p>	<p>MH</p>		<p>County and Municipalities</p>	<p>PB&amp;D; LCPW</p>	
<p><b>5.3.2 Policy:</b> Encourage the use of Best Management Practices and conservation development principles (as described in the text) for all new development including individual sites, residential and mixed-use subdivisions, and brownfield redevelopment/community revitalization projects.</p>	<p>H</p>		<p>County and Municipalities</p>	<p>PB&amp;D; SMC; LCDDOT</p>	
<p><b>5.3.3 Policy:</b> Lake County will organize and hold periodic meetings of the owners/operators of the region's water distribution systems to exchange information on conservation, and encourage implementation of the efficient use of water, and good management practices.</p>	<p>L</p>		<p>County and Municipalities</p>	<p>LCPW</p>	<p>JAWA</p>
<p><b>5.4 Goal:</b> Promote the wise use of Lake Michigan as a public resource.</p>	<p><b>4</b></p>				
<p><b>5.4.1 Policy:</b> Lake County will ensure that the community water systems under its control that use Lake Michigan water use the water efficiently and distribute it equitably to meet the County's current and future needs.</p>	<p>MH</p>			<p>LCPW</p>	<p>JAWA</p>

<p><b>5.5 Goal:</b> Promote the efficient utilization of, and plan for, the expansion of publicly owned, central sewage treatment systems.</p>	3				
<p>5.5.1 Policy: Based on the Future Land Use designated in this <i>Regional Framework Plan</i>, the County will estimate the potential sewage generation from properties within the service areas of the publicly owned, sewage treatment systems to determine what types of infrastructure expansions will be needed to service these properties. These estimates will be based on land uses designated in this <i>Regional Framework Plan</i> for unincorporated areas and on obligations undertaken pursuant to intergovernmental agreement for municipal service areas.</p>	MH			LCPW	
<p>5.5.2 Policy: For properties in unincorporated Lake County, publicly owned, central sewage treatment will not be extended into properties with a “low density” or “low intensity” Future Land Use, as designated in this <i>Regional Framework Plan</i>, except that consideration may be given when a proposed development abuts an area that is already serviced, the proposed development is otherwise in full compliance with the density and land use assumptions of the <i>Plan</i>, and public sewer represents the best economic and environmental alternative for the provision of sewage treatment services to the proposed development, or when the extension is required pursuant to an existing contractual obligation.</p>	H			LCPW	
<p>5.5.3 Policy: For properties in unincorporated Lake County, the proximity of publicly owned, central sewage treatment will be considered a factor in determining zoning.</p>	M		County and Municipalities	PB&D; LCPW	
<p>5.5.4 Policy: For properties in unincorporated Lake County, the County will provide sanitary sewer service within Facility Planning Areas (FPA) where the County is the management agency to new developments that meet the following guidelines:</p>	H			LCPW	
<p>a. The County owned system has existing capacity based upon current actual and committed flows into such system, or can be expanded at developer expense;</p>	H			LCPW	
<p>b. The proposed development can be adequately served by other types of public services and infrastructure with capacity, or that can be expanded at developer expense;</p>	H			LCPW; PB&D	
<p>c. The proposed development protects and enhances the natural environment, and maintains community character; and</p>	H		Municipalities	PB&D

<p><b>DRAFT REGIONAL FRAMEWORK PLAN</b>  <b>Chapter 5: Infrastructure and Services</b>  <b>SEWAGE TREATMENT SECTION</b></p>	<p>RPC Goal and Policy Priority</p>	<p>Legislation Needed</p>	<p>Inter-governmental</p>	<p>County Departments/ Agencies</p>	<p>Non-County Agencies</p>
<p><b>VISION: In the year 2020, Lake County will have a network of infrastructure and services to meet the educational, healthcare, sanitary, and public safety needs of the community and to protect natural resources, cultural resources, and community character.</b></p>					
<p>5.6.1 Policy: For properties in unincorporated Lake County, it is preferred that new development located within 500 feet of a publicly owned, central sewage treatment system utilize the system when the sewage treatment system has available capacity or is planned to be expanded and will have adequate capacity.</p>	<p>MH</p>			<p>LCPW</p>	
<p>5.6.2 Policy: Allow “low intensity” residential developments to utilize onsite wastewater treatment systems as permitted by the Lake County Health Department.</p>	<p>ML</p>			<p>Health Dept.; PB&amp;D</p>	
<p>5.6.3 Policy: Allow new, government owned or owned by a publicly regulated agency, community or decentralized sewage treatment systems for developments that utilize creative designs consistent with 1) conservation subdivisions, 2) mixed uses, or 3) clustering, provided that the proposed development is consistent with the local comprehensive plan and this <i>Regional Framework Plan</i>.</p>	<p>L</p>		<p>County and Municipalities</p>	<p>PB&amp;D; LCPW; Health Dept.</p>	
<p>5.6.4 Policy: Discourage the installation of new, privately owned, community or decentralized sewage treatment systems for new developments. Consideration may be given when the operation and maintenance of the system is adequately addressed through deed restrictions, long-term maintenance agreements and bonds, or some other means that will ensure the safe operation of the system for the life of the development.</p>	<p>ML</p>			<p>PB&amp;D; LCPW; Health Dept.</p>	
<p><b>5.7 Goal:</b> Reduce the failures, and limit the negative impacts from failures, of publicly and privately owned central and decentralized sewage treatment systems.</p>	<p><b>4 (tie)</b></p>				
<p>5.7.1 Policy: The County and municipalities should only approve developments utilizing new privately owned, community or decentralized sewage treatment systems when the sewage treatment systems are designed and built with adequate back up systems and a minimum redundancy treatment capacity of 100%.</p>	<p>ML</p>		<p>County and Municipalities</p>	<p>Health Dept.; PB&amp;D</p>	
<p><b>5.8 Goal:</b> Natural and cultural resources will be protected from any adverse effects created by expansions to the publicly owned sewage treatment infrastructure.</p>	<p><b>2</b></p>				
<p>5.8.1 Policy: The County will review all applications for FPA amendments or amendments to the <i>Illinois Water Quality Management Plan</i>, regardless of the management authority submitting the request. The effects of urbanization on water quality, flooding, and the increase in the amount of effluent discharged into surface water bodies must be adequately considered in the application or the County will recommend that the application be denied.</p>	<p>MH</p>			<p>PB&amp;D; SMC; LCPW</p>

<p><b>DRAFT REGIONAL FRAMEWORK PLAN</b>  <b>Chapter 5: Infrastructure and Services</b>  <b>SEWAGE TREATMENT SECTION</b></p>	<p>RPC Goal and Policy Priority</p>	<p>Legislation Needed</p>	<p>Inter-governmental</p>	<p>County Departments/ Agencies</p>	<p>Non-County Agencies</p>
<p><b>VISION:</b> In the year 2020, Lake County will have a network of infrastructure and services to meet the educational, healthcare, sanitary, and public safety needs of the community and to protect natural resources, cultural resources, and community character.</p>					
<p>5.8.2 Policy: The County and municipalities should appropriately protect, preserve, or mitigate all environmentally, culturally, and archaeologically sensitive areas, and agricultural preservation areas that would be impacted by sewer infrastructure expansions.</p>	MH		County and Municipalities	PB&D; LCPW; SAO	HP Commission
<p><b>5.9 Goal:</b> Eliminate existing, failing onsite wastewater treatment systems (OWTS).</p>	I				
<p>5.9.1 Policy: Lake County will develop a strategy to identify and eliminate failing OWTS as required by the National Pollutant Discharge Elimination System, Phase II Program adopted by the United States Environmental Protection Agency and administered by the Illinois Environmental Protection Agency.</p>	H			Health Dept.	
<p>5.9.2 Policy: The Lake County Health Department will create a risk assessment model to identify areas with large numbers of failing OWTS and areas where large numbers of failures are likely to occur in the future.</p>	M			Health Dept.	
<p>5.9.3 Policy: Lake County will adopt “performance based design” standards for OWTS that protect public health and the quality of groundwater and surface waters.</p>	ML		County and Municipalities	Health Dept.	
<p>5.9.4 Policy: The Lake County Board and other local governments will apply for Clean Water-State Revolving Funds (CW-SRF) to provide alternate sewage treatment options for areas with high concentrations of failing septic tanks.</p>	M		County and Municipalities	CAO; LCPW; Health Dept.	
<p>5.9.5 Policy: Where environmentally-sound and financially feasible, failing OWTS should be repaired, replaced on site, or connected to a publicly owned, central sewage treatment system.</p>	M		County and Municipalities	Health Dept.; LCPW	
<p>5.9.6 Policy: A government owned or publicly regulated agency owned community or decentralized sewage treatment system will be considered for an area within the unincorporated County with failing OWTS when extending a publicly owned, central sewage treatment system would be: 1) technologically or economically impractical; 2) detrimental to the community character; or 3) not in conformance with other relevant provisions of the <i>Regional Framework Plan</i>.</p>	ML		County and Municipalities	PB&D; LCPW

DRAFT REGIONAL FRAMEWORK PLAN  Chapter 10: Community Character  VISION: In the year 2020, Lake County will have communities that retain their distinct character, have an enhanced sense of place, and a positive self-identity.	RPC Goal and Policy Priority	Legislation Needed	Inter-governmental	County Departments/Agencies	Non-County Agencies
<b>10.1 Goal:</b> Maintain traditional Lake County community atmospheres where appropriate.	3				
10.1.1 Policy: Use available state and federal program funds to establish local programs that proactively preserve and protect historic districts and sites through the revitalization of communities and the rehabilitation of buildings.	MH		County and Municipalities	CAO; PB&D	HP Commission
10.1.2 Policy: Encourage the state to fund Illinois Main Street.	ML		County and Municipalities	CAO; PB&D	HP Commission
10.1.3 Policy: Encourage County and municipal officials to set zoning standards, building codes, and architectural guidelines that maintain and enhance the existing historical architectural styles of the community.	M		County and Municipalities	PB&D	HP Commission
<b>10.2 Goal:</b> Promote a positive community character and unique identity within each community and residential neighborhood.	2				
10.2.1 Policy: Encourage housing-style diversity, in coordination with the local comprehensive plan, within and among housing developments and neighborhoods.	M		County and Municipalities	PB&D	
10.2.2 Policy: Encourage residential developments designed with a neighborhood concept that includes open space, recreation, residential convenience shopping, and schools, where appropriate.	H		County and Municipalities	PB&D; SMC	School Districts
10.2.3 Policy: Encourage commercial design, within and among commercial developments and neighborhoods, that enhances the desired character of the community.	ML		County and Municipalities	PB&D	
10.2.4 Policy: Create pedestrian scale downtowns with waterfront linkages (where available), small parks, overlooks, plazas, enhanced public rights of way, and attractive streetscapes.	MH		County and Municipalities	PB&D	
10.2.5 Policy: Support the efforts of multi-jurisdictional planning councils that promote community character.	ML		County and Municipalities	PB&D	Planning Councils
10.2.6 Policy: Encourage the use of Traditional Neighborhood Design principles for redevelopment in order to encourage mixed-uses and to enhance community character, where designated in the local comprehensive plan.	M		County and Municipalities	PB&D	
10.2.7 Policy: Encourage large lot residential communities to use mature trees and natural landscapes on lots to enhance the rural character.	ML		County and Municipalities	PB&D	
<b>10.3 Goal:</b> Encourage land uses and designs that create rural transition areas that distinguish one community from the next.	1

<i><b>DRAFT REGIONAL FRAMEWORK PLAN</b></i>	RPC Goal and Policy Priority	Legislation Needed	Inter-governmental	County Departments/ Agencies	Non-County Agencies
<p align="center"><b>Chapter 10: Community Character</b></p> <p><b>VISION: In the year 2020, Lake County will have communities that retain their distinct character, have an enhanced sense of place, and a positive self-identity.</b></p>	MH		County and Municipalities	PB&D; SMC	
10.3.1 Policy: Encourage rural large lot residential communities and agricultural communities to use natural landscapes and open space in order to effectively serve as rural transitions between denser communities.	H		County and Municipalities	RPC; PB&D	
10.3.2 Policy: Encourage the adoption of intergovernmental boundary and land use agreements that maintain low-density uses and open space in unincorporated and incorporated areas as rural transitions between denser communities.	MH	yes	County and Municipalities	PB&D; SAO	
10.3.3 Policy: Purchase development rights to support agricultural uses as transitions between denser communities.	MH		County and Municipalities	PB&D; SMC	
10.3.4 Policy: Encourage conservation development techniques in areas where appropriate.	L		County and Municipalities	PB&D	
10.3.5 Policy: Improve community gateways by applying a higher level of building design and landscapes that visually impacts and defines the entryway to a community.	4				
<b>10.4 Goal:</b> Promote town centers as the focal point of community life.	M		County and Municipalities	PB&D	
10.4.1 Policy: Develop town squares and parks within town centers.	M		County and Municipalities		
10.4.2. Policy: Place public buildings and services in town centers.	L		County and Municipalities		
10.4.3 Policy: Place entertainment oriented establishments in town centers.	M		County and Municipalities		
10.4.4 Policy: Place residential developments, which serve diverse populations including seniors, in town centers.	5		County and Municipalities		
<b>10.5 Goal:</b> Designate Future Land Uses to obtain the desired blend of agricultural, residential, commercial, industrial uses, natural space, and transportation corridors.	L		County and Municipalities	PB&D	
10.5.1 Policy: Create smooth transitions between uses such as industrial and residential areas and between low density and high density development.	ML		County and Municipalities	PB&D	
10.5.2 Policy: New developments—both residential and commercial—should be compatible and harmonize with the desirable character of adjacent buildings and streetscape.			County and Municipalities	PB&D

Appendix A

<p><i><b>DRAFT REGIONAL FRAMEWORK PLAN</b></i></p> <p><b>Chapter 11: Intergovernmental Coordination and Implementation</b></p> <p><b>VISION: In the year 2020, Lake County will have County, municipal, township, and other governmental agencies that cooperate to promote the interests of all Lake County residents.</b></p>	RPC Goal and Policy Priority	Legislation Needed	Inter-governmental	County Departments/ Agencies	Non-County Agencies
<p><b>11.1 Goal:</b> The <i>Regional Framework Plan</i> will be implemented through the cooperative efforts of the County, municipalities, other governmental agencies, residents, and businesses.</p>	I				
<p>11.1.1 Policy: The Cooperative Planning Area groups will meet periodically, at least annually, to monitor implementation of the <i>Plan</i> and discuss additional intergovernmental initiatives.</p>	H		County, Municipalities, Townships	PB&D	Cooperative Planning Area groups
<p>11.1.1.2 Policy: The County will initiate meetings with cities, villages, and other units of local government to jointly implement policies of common interest.</p>	H		County and Municipalities	CAO; PB&D	
<p>11.1.1.3 Policy: The County and municipalities should develop intergovernmental agreements that further the public interest.</p>	H		County and Municipalities	PB&D	
<p>11.1.1.4 Policy: The County and municipalities are encouraged to conduct a comprehensive review of their land use regulations and zoning maps to ensure consistency with this <i>Plan</i>.</p>	M		County and Municipalities	PB&D	
<p>11.1.1.5 Policy: The County and municipalities should lobby for state legislative changes as recommended throughout this <i>Plan</i>.</p>	M	Yes	County and Municipalities	CAO; PB&D	
<p><b>11.2 Goal:</b> Provide sanitary sewer service to properties within municipalities and sanitary districts based on intergovernmental agreements.</p>					
<p>11.2.1 Policy: The County will only provide new sanitary sewer service to properties within a municipality or sanitary district if so authorized pursuant to an intergovernmental agreement between the County and the municipality or sanitary district.</p>					
<p>11.2.2 Policy: In instances where there is an existing intergovernmental agreement concerning the provision of sanitary sewer service within a municipality or sanitary district, the County will provide sanitary sewer services in accordance with and subject to such terms as are set forth in the existing intergovernmental agreement.</p>					
<p>11.2.3 Policy: The County will consider a new intergovernmental agreement or the amendment of an existing intergovernmental agreement for the provision of sanitary sewer services within a municipality or sanitary district, upon such terms and conditions and pursuant to such policies as the County has and may develop in furtherance of the public health, safety, and welfare and consistent with the reasonable allocation of the County's current and future infrastructure investment as the County Board may determine.</p>
