

NOTES:
 1) Survey data was collected by Signature Spatial Services - Hydrographic Survey Team. Data was collected using a single beam sonar system on 1/10/07 and 1/10/07. The engine beam was used for the 1/10/07 survey. The data was collected in the State Plane - Illinois East (NAD 83) coordinate system with U.S. Survey Feet as the unit.
 2) Water elevation for this map was reduced 0.10 feet from 785.11 feet.
 3) Sonar data was collected in State Plane - Illinois East (NAD 83) coordinate system with U.S. Survey Feet as the unit.
