

MEETING ANNOUNCEMENT

Greetings North Mill Creek / Dutch Gap Canal Watershed Stakeholders

Next meeting: Thurs., June 3, 2:00-4:00 p.m., Lindenhurst Village Hall, 2301 E. Sand Lake Road, Lindenhurst, IL. All are welcome – please join us!

Thank you to all who attended the April meeting – it was very productive. A meeting report that includes the draft watershed plan goals will be sent out with a meeting agenda the week prior to the meeting. It will also be posted on the Lake County Stormwater Management Commission (SMC) website at:
www.lakecountyil.gov/Stormwater/LakeCountyWatersheds/NorthMill.htm.

SMC is drafting a June meeting agenda, if you have a discussion item or announcement you would like us to include – please get back to Jodi by Wednesday May 26th so that we can include it. We will send out the draft agenda along with the last meeting report by Thursday May 27th.

At the June meeting, we will have a focused presentation and discussion of managing riparian areas for stream, lake and wetland health. We will also continue the development of the plan goals and begin developing a watershed vision statement.

Over the course of our planning meetings, we will spend a few minutes at each meeting **“Getting to Know”** a watershed stakeholder – or stakeholder organization better. (The Lake County Forest Preserve District and Lake County Planning & Development Department were highlighted at the March meeting.) The Southeastern Wisconsin Regional Planning Commission volunteered to present their organization at the June meeting, so we look forward to getting to know them better. We will be looking for volunteers for the July meeting – you just need to spend 5 minutes telling us about who you represent – whether it is yourself or an organization. Let us know at the meeting, or via email, if you would like a meeting slot.

Please mark your calendar and plan to attend the meeting. Feel free to contact us if you have questions, comments or suggestions. We look forward to seeing you on June 3rd!
