

ARTICLE 406.09 APPROACHES, INTERSECTIONS, AND ENTRANCES (LCDOT)

For use on LCDOT let projects only - do not include in IDOT let projects. Delete this note from the Contract Specifications.

Effective: January 1, 2007

Revised: May 19, 2014

Description: This work shall consist of reconstructing existing private and commercial entrances, as determined by the Engineer, on LCDOT resurfacing projects.

General: Entrances shall be constructed according to Article 406.09 of the "Standard Specifications" and the following:

Private and commercial hot-mix asphalt entrances within the limits of the project shall be resurfaced. Quantities have been included in this contract to resurface all hot-mix asphalt entrances.

The Engineer may determine that some entrances need to be reconstructed. The Engineer shall be the sole judge as to whether an entrance requires reconstruction. Contingency quantities of DRIVEWAY PAVEMENT REMOVAL and AGGREGATE BASE COURSE, TYPE A have been included in the event that there are entrances that require reconstruction.

Reconstructed private entrances (minor access) shall consist of 2½" of hot-mix asphalt surface course and 6" of aggregate base course. Reconstructed commercial entrances (major access) shall consist of 2½" of hot-mix asphalt surface course and 8" of aggregate base course.
