Prison Rape Elimination Act (PREA)

The Prison Rape Elimination Act (PREA) is a federal law that prohibits sexual misconduct in correctional settings such as prisons, jails, lockups and juvenile facilities.

It shall be the policy of the Lake County Sheriff's Office Correctional Division to provide a safe and secure environment for all inmates, employees, contractors, and volunteers, free from the threat of sexual abuse or assault by maintaining a Sexual Abuse and Assault Prevention and Intervention Program that ensures effective procedures for preventing, reporting, responding to, investigating, and tracking incidents or allegations of sexual abuse or assault. The Lake County Sheriff's Office shall conduct investigations in a manner that avoids unnecessary embarrassment or indignity to the inmate. It shall also be the policy of the Lake County Sheriff's Office to pursue administrative, disciplinary, and/or criminal sanctions against any inmate, staff member, contractor, or volunteer found to have committed sexual abuse or assault against an inmate. PREA Incident Reviews

The Lake County Sheriff's Office Adult Correctional Division Facility shall review all reports of sexual abuse/assault incidents per PREA Standard § 115.86. Under this standard, the Correctional Division must conduct a sexual abuse incident review at the conclusion of every sexual abuse investigation, including where the allegation has not been substantiated, unless the allegation has been determined to be unfounded. Such review will ordinarily occur within thirty (30) days of the conclusion of the investigation. The review team will include upper-level management officials, with input from line supervisors, investigators, and medical or mental health practitioners. The Correctional Division will implement the recommendations for improvement, or document its reasons for not doing so.

Review Criteria:

1. Consider whether the allegation or investigation indicates a need to change policy or practice to better prevent, detect, or respond to sexual abuse.
2. Consider whether the alleged incident was motivated by race; ethnicity; gender identity; lesbian, gay, bisexual, transgender, or intersex identification, status, or perceived status; or gang affiliation; or was motivated or otherwise caused by other group dynamics at the facility.
3. Examine the area in the facility where the allegation occurred to assess whether physical barriers in the area may enable abuse.
4. Assess the adequacy of staffing levels in that area during different shifts.
5. Assess whether monitoring technology should be deployed or augmented to supplement supervision by staff.
6. Prepare a report of its findings, including but not necessarily limited to determinations made pursuant to the above requirements and any recommendations for improvement and submit such report to the Chief of Corrections and the PREA Coordinator.

Analysis/Corrective Action

Analysis: Allegations were filed and later determined to be unfounded or a non-PREA event. It appeared from these findings that additional education needed to be provided to the inmate population on PREA and jail procedures.

Corrective Action: The inmate handbooks were updated to reflect PREA information. A PREA educational video was developed and education is conducted daily through video presentation. All inmates that are currently in the facility and newly admitted inmates have had the opportunity to participate in this training. While in custody, all inmates will have access to an inmate handbook that explains PREA and provides information for reporting a PREA event.

Analysis: There were two substantiated PREA incidents that were reported during this PREA reporting period. It was stressed to staff that the reports needed to be expedited as soon as possible and forwarded to the Criminal Investigations Division of the Sheriff's Office to ensure proper investigative procedures and evidence collection were being followed.

Corrective Action: Staff was educated on the importance of proper notification to command all PREA or possible PREA related incidents immediately after discovery or receiving the report from an inmate. To comply with PREA training requirements all staff completed a three (3) hour National Institute of Corrections online class.
