

## **LOG IN TO OUR WEBSITE TO APPLY ONLINE FOR A TEMPORARY FOODSERVICE EVENT PERMIT!**

[https://lakecountyiil-energovpub.tylerhost.net/Apps/selfservice/LakeCountyILCSS\\_Prod#/home](https://lakecountyiil-energovpub.tylerhost.net/Apps/selfservice/LakeCountyILCSS_Prod#/home)

(if clicking the link above doesn't work, copy and paste it onto your Internet Browser)

**Login/Register to Apply for a new permit.**

**Select one of the two options below.**

**Temporary Foodservice Single Event Permit.**

- Permit is valid for up to 14 consecutive days at the same location.

**Temporary Foodservice Multiple Event Permit.**

- Permit is good up to 6 months at multiple events in Lake County as long as service is limited to one location at a time and the menu complexity does not change.

**Add the location of the event.**

Enter the number and street name into the search bar and search for the location. Entering more information may eliminate your location.

**Type - Enter a description of your event.**

**Contacts - Enter any additional contacts including the event coordinator.**

**More Info – Enter the required fields including all menu items and preparation methods.**

**Attachments – Add the following documents when submitting your application.**

**Copy of your food safety training certificate is required for categories 1 and 2.**

**Commissary agreement and the most recent health inspection report.**

**Copy of the 501(c)(3) letter is required to receive not-for-profit status.**

**Review and Submit – The application will be reviewed by the Health Department before you can proceed. The Lake County Health Department reserves the right to exclude any menu item.**

You will receive an email from a representative from LCHD with the fee that is due for the permit.

To pay your permit fee, log back into your account and click on **My Invoices**.

You can then choose the invoice number you want to pay and click **Add To Cart**.

Once the fee is paid, a Permit and Food Safety Checklist will be issued and emailed to you, then it can be printed. The Permit, Checklist and food safety training certificate are required to be with you at the event.

If you have completed this process online, then there is no need to fill out the attached application.

**Please call 847-377-8040 for any questions.**

**Applications and fees must be received at least 3 days prior to the event, or a late fee will be assessed.**

**FOOD PURCHASED PRIOR TO THE EVENT MUST BE STORED IN A LICENSED FACILITY.  
(SEE ATTACHED COMMISSARY AGREEMENT)**

**NO FOOD MAY BE STORED OR PREPARED AT HOME!**

**Fees are non-refundable.**

\*\*\* If this facility is licensed outside of Lake County, provide a copy of the most recent food inspection report with this commissary agreement. \*\*\*

**This Commissary Agreement is valid for this calendar year only**

## **Farmers Market Food Product Sampling Handler Certificate Training**

The Food Handling Regulation Enforcement Act was amended to include Food Product Sampling at Farmers Markets and the Illinois Food Service Sanitation Code now includes Subpart N, 750.4300 Food Product Sampling Handler Certificate for Farmers Markets.

The Farmers Market Food Product Sampling Handler Certificate training is now available on I-TRAIN. The training course is free and can be accessed here: <https://i.train.org> Course number 1061218 (*Note: effective upon implementation of the Division's new technology, this process will change due to incorporation of the training completion, documentation submission and certificate issuance in the new system*).

Any vendor at a farmers market that would like to sample their product (fruits, vegetables, baked goods, meat, etc.) can do so without a separate permit from the local health department, as long as they have a valid Illinois Farmers Market Food Product Sampling Handler Certificate. This certificate can be used throughout the state and is valid for three (3) years from date of issuance.

The certificate looks like this and shall be prominently displayed by the vendor at the point of sale.

The Farmers Market Food Product Sampling Handler Certificate is only issued by the Department once the required documentation has been received:

1. If the sampler possesses a valid Illinois Food Service Sanitation Manager Certification (FSSMC) they must:
  - a. Submit a completed Farmers Market Food Product Sampling Handler Certificate application; and
  - b. Copy of valid FSSMC; and
  - c. \$10.00 application fee submitted with required documentation to address provided on application.
  
2. If the sampler does not possess a valid IL FSSMC, they must:
  - a. Submit a completed Farmers Market Food Product Sampling Handler Certificate application; and
  - b. Evidence of successful completion of an ANSI accredited food handler training course; and
  - c. Evidence of successful completion of Department Farmers Market Food Product Sampling Handler training; and
  - d. \$40.00 application fee submitted with required documentation to address provided on application.

If the sampler shows or posts only a valid IL FSSMC, food handler training certificate or Farmers Market Food Product Sampling Handler training course completion certificate, they are not in compliance and should not be sampling their product without a permit to do so from the LHD. Only a valid Farmers Market Food Product Sampling Handler Certificate (as shown above) is acceptable for sampling their food product at a farmer's market without a permit from the LHD.

Only samples can be offered with this certificate. So, for example, if the vendor is cooking and sampling pork chops, he/she could not then sell pork chop sandwiches with only the Farmers Market Food Product Sampling Handler Certificate but would need a temporary permit from the LHD in order to sell pork chop sandwiches.

Any questions from the public should be directed to [dph.food@illinois.gov](mailto:dph.food@illinois.gov)

In order to receive a reduced fee or not-for-profit fee waiver for Category 1 (high) or 2 (medium) Temporary Food Service Event, LCHD accepts any of the following trainings.

- ① **LCHD Temporary Food Service Event Training Class - (1) year expiration;**
- ② **ANSI Food Handler Training Program – (3) year expiration; or**
- ③ **ANSI Food Protection Manager Certification (CFPM) – (5) year expiration**

- ① The **LCHD Temporary Food Service Event Training Class** covers food safety, sanitation and code requirements that are essential to conducting a safe and sanitary temporary food service event in Lake County. This class provides temporary food service event vendors/workers with a better understanding of how handling food correctly prevents foodborne illness. Although the class is aimed to educate not-for-profit temporary event vendors who do not have an IDPH certified food service sanitation manager or trained food handlers, any vendor may attend. The Temporary Food Service Event Training is valid for one (1) year from the date of training.

## Checklist for Temporary Food Service Events

The following is a checklist to assist you in conducting a self-inspection of your temporary event.

The items listed represent the minimum essential equipment/supplies needed to operate.

**\*\*\*A closed container with a hands-free spigot dispensing clean, running water and bucket to catch the wastewater, hand soap and paper towels (for hand washing - minimum 20 seconds)**

- Four **LABELED** containers for equipment washing:
  1. Wash (W)
  2. Rinse (R)
  3. Sanitize (S)
  4. Wiping Cloth Storage

- Sufficient potable water (hoses used to obtain municipal water must be food grade)
- Dishwashing soap and sanitizer (bleach, iodine, or quaternary ammonia)
- Appropriate chemical test strips to test sanitizer concentrations
- Metal stem thermometer accurate to  $\pm 2^\circ\text{F}$  and reads 0 to  $220^\circ\text{F}$
- Equipment and utensils which are in good condition (no chips, pits, etc.)
- Equipment and utensils that have been cleaned AND sanitized
- Sufficient refrigeration to hold **cold, potentially hazardous foods at  $41^\circ\text{F}$  or below** (refrigeration shall be plugged in early enough so that units reach  $41^\circ\text{F}$  or below before storing food in them)
- Hot holding devices must be provided to maintain **hot, potentially hazardous foods at  $135^\circ\text{F}$  or above**
- Food shall be from an approved source (labeled and stored in food grade containers) and prepared in a licensed food service facility or at the event—home prepared not allowed
- Sufficient (durable and easily cleanable) garbage containers (including dumpsters with lids) to hold all garbage and refuse that accumulates - must be covered when not in use or filled
- Single service articles (plastic forks, plates, etc.) provided for customers
- Food, utensils and food equipment stored 6" above the ground
- Provide facilities to dump wastewater and/or used grease)
- Provide enough utensils to avoid bare hand contact with ready-to-eat foods (e.g. gloves, deli tissues, tongs, etc.)
- Food stand constructed to prevent contamination of food and facilitate cleaning of the food preparation area
- All toxic chemicals stored in a separate area away from food and food prep surfaces
- Effective hair restraints provided for all employees handling food
- Permit posted and Certified Food Protection Manager (CFPM) Certificate available at all events**

## Lista de Verificación para Eventos Temporales de Servicio de Alimentos

Lo siguiente es una lista de verificación para ayudarlo a realizar una autoinspección de su evento temporal. Los artículos enumerados representan el equipo/suministros esenciales mínimos necesarios para operar.

**\*\*\*Un recipiente cerrado con un grifo de manos libres que dispensa agua corriente limpia y un balde para recoger las aguas residuales, jabón de manos y toallas de papel para lavarse las manos, mínimo por 20 segundos.**

Cuatro contenedores ETIQUETADOS para el lavado de equipo):

1. Lavar – L
2. Enjuagar – E
3. Desinfectar – D
4. Almacenamiento de toallas de limpieza

- Suficiente agua potable (las mangueras utilizadas para obtener agua municipal deben ser de calidad alimentaria)
- Jabón para lavar platos y desinfectante (cloro, yodo o amoníaco cuaternario)
- Tiras reactivas químicas apropiadas para medir las concentraciones del desinfectante
- Termómetro de varilla de metal con una precisión de +/-2 °F y capacidad de 0 a 220 °F
- Equipos y utensilios en buen estado (sin astillas, hoyos, etc.)
- Equipos y utensilios que han sido limpiados Y desinfectados
- Refrigeración suficiente para mantener fríos alimentos potencialmente peligrosos a 41 °F o menos (la refrigeración debe estar conectada lo suficientemente temprano para que las unidades alcancen los 41 °F o menos antes de almacenar alimentos en ellas)
- Se debe proporcionar dispositivos para mantener calientes los alimentos potencialmente peligrosos a 135 °F o más
- Los alimentos deberán provenir de una fuente aprobada (etiquetados y almacenados en recipientes aptos para uso alimentario) y preparados en una instalación de servicio de alimentos con licencia o en el evento; alimentos preparados en casa no son permitidos
- Contenedores de basura suficientes (duraderos y fáciles de limpiar) (incluyendo contenedores de basura con tapas) para contener toda la basura y desechos que se acumulan, deben cubrirse cuando no se usen o se llenen
- Artículos de un solo uso (tenedores de plástico, platos, etc.) proporcionados a los clientes
- Alimentos, utensilios y equipos para alimentos almacenados a 6" del suelo
- Proveer instalaciones para botar aguas residuales y/o grasas usadas
- Proporcione suficientes utensilios para evitar el contacto de las manos desnudas con los alimentos listos para comer (por ejemplo, guantes, papel desechable, pinzas, etc.)
- Puesto de comida construido de tal manera para evitar la contaminación de los alimentos y facilitar la limpieza del área de preparación de alimentos)
- Todos los productos químicos tóxicos almacenados en un área separada lejos de los alimentos y las superficies de preparación de alimentos
- Protectores efectivos para el cabello para todos los empleados que manipulan alimentos
- Permiso publicado y el Certificado de Gerente Certificado de Protección de Alimentos (CFPM) disponible en todos los eventos
