NOW, THEREFORE, BE IT ORDAINED BY THE COUNTY BOARD OF LAKE

COUNTY, ILLINOIS, AS FOLLOWS:

ETHICS & CONDUCT CODE

Purpose

The Illinois General Assembly enacted the State Officials and Employees Ethics Act (Public Act 93- 615, effective November 19, 2003, as amended by Public Act 93-617, effective December 9, 2003), which is a comprehensive revision of State statutes regulating ethical conduct, political activities and the solicitation and acceptance of gifts by State officials and employees.

The Act requires all units of local government to adopt ordinances or resolutions regulating the political activities of, and the solicitation and acceptance of gifts by, the officers and employees of such units "in a manner no less restrictive" than the provisions of the Act.

The clear intention of the Act requires units of local government to implement regulations that are at least as restrictive as those contained in the Act, and to impose penalties for violations of those regulations that are equivalent to those imposed by the Act, notwithstanding that such penalties may exceed the general authority granted to units of local government to penalize ordinance violations.

The clear intention of the Act provides units of local government with all authority necessary to implement its requirements on the local level regardless of any general limitations on the power to define and punish ordinance violations that might otherwise be applicable.

Furthermore, it is the goal of the county board and its chair to provide equitable, efficient, effective, and honest government. These goals thereby create and enhance an environment where county officials and employees can administer county services with integrity and objectivity. The purpose of this ordinance is to provide a framework for the ethical and legal standards that county officers and employees must follow while conducting county business.

This code includes a section related to the conduct of County Board Members. The purpose of this section of the code related to conduct is to ensure that all county business is conducted in a manner that reflects the character and values of the people of Lake County and the expectations of external parties with whom the county interacts. In adopting this section of the code, the Lake County Board aims to maintain the sound business practices and regard for the public interest already in place among county officials and employees, while allowing the county to continue to enjoy the confidence of the public and external parties.

The term “Ethics Ordinance”, as referred to in other County Codes and Ordinances, intends to refer to Sections I & II of this Code.
