## Impact Networking:

We've spent the past 20 years pushing the boundaries of traditional business. Though we've evolved from an equipment dealership into an IT and managed services provider, our goal remains the same: to provide world-class customer experiences for the companies who are often ignored by big enterprises. To do this, we need top talent, skilled specialists, and the hardest of workers looking to build successful careers at Impact. If this is you, we want to hear from you!

## Contact information / How to Apply?
