MacLean-Fogg Component Solutions

Founded in 1925, MacLean-Fogg offered one lock nut to North America’s railroads. Through innovative product development and selected acquisitions, the business has grown into a worldwide enterprise with facilities throughout Europe and North America and sales in excess of \$1 billion annually.

MacLean-Fogg Component Solutions is a leading supplier of Fasteners, Engineered Components and Engineered Plastics serving many diverse industries. Our Mission is to become the premier, worldwide supplier of value added, engineered, and customer focused solutions that leverage our material forming expertise in these four product fields. The keys to our success are the engagement of our dynamic and adaptive employees, along with the MacLean-Fogg entrepreneurial culture. Our Goals are supported by a robust performance management process, and commitment to operational excellence. Through our “Commitment to Excellence”, we will achieve the growth and profitability that will fuel our continued success.
