

**NEW WATER STORAGE RESERVOIR CONSTRUCTION TO BEGIN: WHITE DEER RUN RESERVOIR PROJECT**

As a part of Lake County’s Capital Improvement Program, Lake County Public Works (LCPW) will begin construction of a water storage reservoir between the White Deer Run Golf Club maintenance building and the railroad tracks on Gregg’s Parkway in Vernon Hills. The new two-million-gallon water reservoir will serve the Vernon Hills Water System by providing additional storage capacity in the event of increased water demand or emergency circumstances.

Construction will begin this summer and is anticipated to be completed in the fall of 2025. Residents may observe construction activities, truck traffic, noise.

LCPW is proactive in maintaining its infrastructure. For more information on the project, visit our website at: [lakecountyil.gov/WhiteDeer](http://lakecountyil.gov/WhiteDeer)
