OUR MISSION

The mission of the Lake County Regional Office of Education is to serve as an advocate for education by providing effective leadership, performing regulatory functions in partnership with the Illinois state board of education as directed by the School Code of Illinois, coordinating and delivering state and local services, and disseminating information to educators, school districts and the community.

Not only are we determined that any Lake County citizen who has a need and a desire for an educational opportunity shall have it, we are firm in our belief that "every child should have an opportunity to be successful every day."

Regional Office of Education – Divisions

ESD

Provide a wide variety of professional learning opportunities that are action-oriented and focused on measurable results. We collaborate with educators and school leaders to implement research-based best practices in education that support the development of 21st century skills in students. Through partnerships with Lake County school districts, we develop and facilitate engaging workshops as well as on-site training that aligns to district goals. We are committed to providing high quality personalized professional development for our educators and administrators. We are continuously seeking opportunities to form new partnerships to support Lake County districts who are working towards continual school improvement.

Illinois Teachers and Administrators are required to complete continuing professional development courses as part of their license renewal process. The Lake County Educational Services Division offers these courses to teachers and administrators at a reasonable cost. Lake County Professional Development Cooperative districts receive a discount on our workshops as well as in-district consultant assistance and media checkout privileges

ATD

The Attendance and Truancy Division is Lake County's truancy and dropout prevention program funded by the Illinois State Board of Education (ISBE) since 1985 and administered by the Lake County Regional Office of Education.

The division is an intervention tool that is available to all schools in Lake County. Intervention occurs when schools refer students for poor attendance/truancy. Counselors complete an assessment of all students referred and, with the school's input, develop an individualized plan. The staff acts as referral agents and on-going liaisons between the schools and community resources.

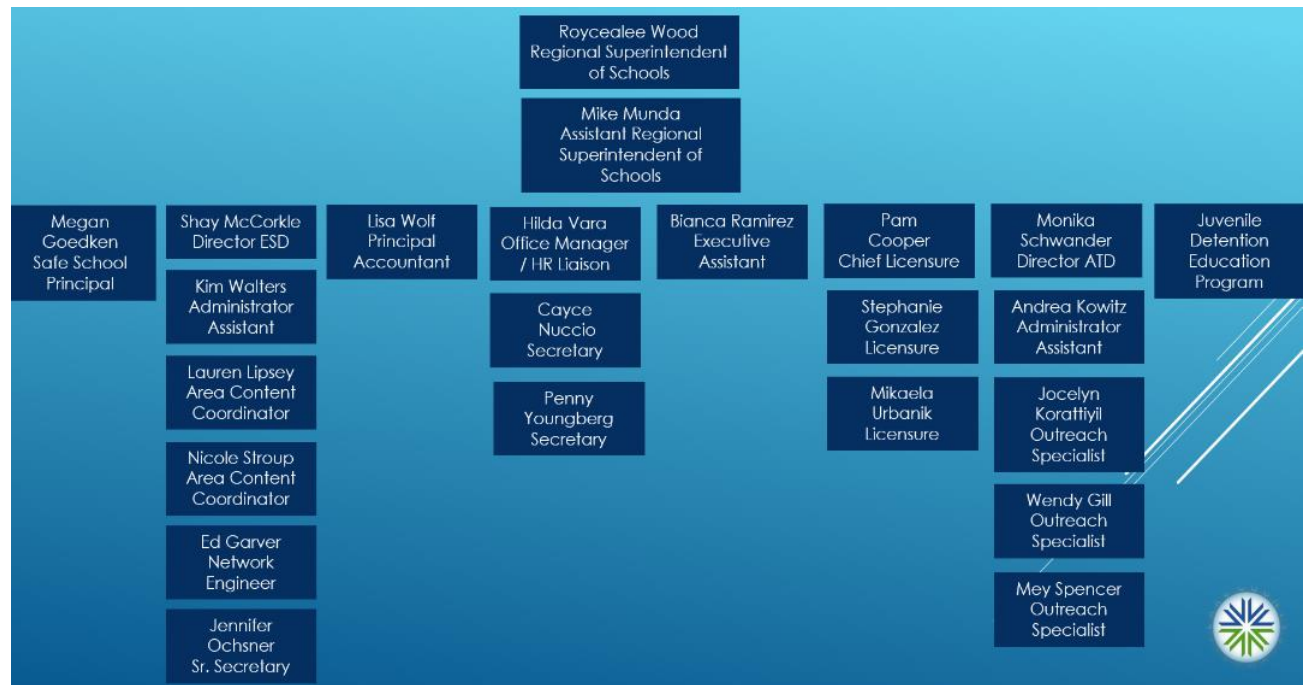

Regional Safe School

The Regional Safe School Program of Lake County serves disruptive students in grades 6 – 12 who have received multiple suspensions, are eligible for expulsion, or have been expelled from school in Lake County, Illinois. The students we serve often face long-term issues such as domestic violence, poverty, and drug and alcohol abuse, which influence their behavior in the classroom.

Our goal is to provide students with techniques to improve their decision-making skills that affect their:

- school, home, and community life
- school attendance and academic performance
- ability to transition successfully to a traditional school, work, or other positive environment
