Areas of Greatest Need:

Areas of Greatest Need

Priority emphasis and consideration will be provided to those geographic areas of Lake County showing the greatest need, including those:

1. With the greatest percentage of home foreclosures: Under the NSP Program, HUD's Estimated Foreclosure Rate model has identified areas of Lake County having the highest percentage of foreclosures measured by HUD's estimated number of foreclosure starts over 18 months through June 2008 divided by HUD's estimated number of mortgages, per HUD's NSP foreclosure data table for the State of Illinois, as having a foreclosure rate above 5.1%;
2. With the highest percentage of homes financed by subprime mortgage related loans: Under the NSP Program, HUD's model has identified areas of Lake County with the highest percentage of homes financed by a subprime mortgage, as having at least 25% high cost loans as a percent of conventional loans made between 2004 and 2006 from Home Mortgage Disclosure Act data where the rate spread is 3 percentage points above the Treasury security of comparable maturity; and/or
3. Identified as likely to face a significant rise in the rate of home foreclosures: Under the NSP Program, HUD's model has identified areas of Lake County likely to face a significant rise in the rate of home foreclosures, as having a high risk factor for foreclosure or abandonment based on a ranking of 8 or above on a scale of 1 to 10 where 10 indicates that the area is in the highest 10 percent of risk nationwide for foreclosure and abandonment based on the combination of HUD's foreclosure risk estimate and USPS residential vacancy rate.

The purchase, rehabilitation, and rental/resale of these properties will involve NSP funded activities within these areas of greatest need. However, not all Census Tracts/Block Groups, and not all targeted areas, can be assisted with initial NSP-assisted affordable housing activities. A certain balance will need to exist throughout the NSP program and its affordable housing activities regarding not only the time frame to acquire a foreclosed property, but its record of title, its acquisition price, its proposed rehabilitation costs, secondary financing arrangements of NSP income eligible households, and the length of time that similarly located properties have been on the market.

Distribution and Uses of Funds

NSP funded acquisition and rehabilitation of abandoned and foreclosed upon homes and residential properties will occur in one or more of the following ways:

- o NSP Rental Housing Program: Property Acquisition and Rehabilitation of Abandoned and Foreclosed Homes and Residential Properties for Permanent Rental of Single & Family Homes / Multi & Family Homes by Non-Profit Agencies (\$1,150,200).
- o NSP Single Family Housing Program: Property Acquisition and Rehabilitation of Abandoned and Foreclosed Homes and Residential Properties for Single-Family Homes; Financing Mechanisms for Purchase and Redevelopment; First Time Homebuyer Assistance Program / Affordable Plus Mortgage Program; Homebuyer Housing Counseling Program (\$2,990,520).
- o NSP Program Administration (\$460,080).

Low Income Targeting

- 100% of funds will be used to serve households at or below 120% of area median income (for exson household having income at or below \$90,500).
- 25% of funds must benefit households at or below 50% of area median income (for example a four person household having income at or below \$37,700).

All of Lake County's NSP funded activities will be developed, to the maximum extent practicable and for the longest feasible term, and in compliance with NSP requirements, to ensure that the sale, rental or redevelopment of abandoned and foreclosed upon homes and residential properties shall remain affordable to individuals and families whose income does not exceed 120% of Area Median Income. For example, a four person household receiving NSP assisted benefits would qualify at a household income at or below \$90,500 (middle-income). HUD funded programs normally operate at 80% of Area Median Income, based on household size. For example, a four

person household normally receiving HUD assisted benefits would qualify at a household income at or below \$60,300 (&ldquomoderate-income&rdquo).

Additionally, as required under the NSP program, not less than 25% of the NSP funds will be used for the purchase and redevelopment of abandoned or foreclosed upon homes or residential properties, that will remain affordable, will be used to house individuals or families whose incomes do not exceed 50% of Area Median Income. For example, a four person household receiving restricted NSP assisted benefits would qualify at a household income at or below \$37,700 (&ldquolow-income&rdquo).

Property Identification: Foreclosed sites

There is no known list of readily available foreclosure filings that identifies needed NSP information such as the property type, the size of the property, its street location, its Census Tract/Block Group, and the character of the house as it relates to local building codes needed under the Neighborhood Stabilization Program. Each of these items must, therefore, be individually researched over time for each individual property. However, there are many commercial databases that could provide at least the most-basic information on foreclosed properties such as listings by location and property PIN number. Once established, these addresses could then be mapped, perhaps, through the County&rsquos GIS system.

Lake County already funds affordable housing through federal and county funded First Time Homebuyer Programs and various Rehabilitation Programs. As part of this assistance, liens/mortgages/deed restrictions are placed on the assisted property. Unfortunately, some of these federal and county assisted properties may, in fact, be foreclosed upon by the original mortgage holder. Therefore, the possibility exists, that the &ldquonotice of foreclosure&rdquo would identify Lake County as a party to the foreclosure. As such, identification of potential Neighborhood Stabilization Program properties maybe the easiest to identify.

Additional research of the computerized Lake County Clerk of the Court filings is needed to determine a possible workload of other non-federal and non-county assisted properties that have had recent foreclosure filings.

NSP post-foreclosure / REO ownership structures

The NSP program requires the acquisition of abandoned and foreclosed upon homes and residential properties and that these homes and residential properties must be purchased at a discount from the current market appraised value. However, because of the circumstances with which a home has now been foreclosed upon there may in fact be numerous different types of post-foreclosure ownership structures that must be dealt with. Any quick NSP funded title transfer is going to want to avoid clouded title issues as much as possible, as this will continually delay timely progress. Accordingly, listed below are only some of the ownership structures that NSP funded governmental and non-profit agencies may have to deal with, in increasing levels of difficulty. Though only a small list, this assists in explaining why there will need to be a certain level of selectivity in choosing NSP properties within the identified areas of greatest need:

- Local Community Banks/Financial Institutions (who often list with local real estate brokers. Since local financial institutions do not want to &ldquown&rdquo properties for long &ndash this might be the easiest group to work with since it is locally owned and driven);
- National Banks (who often have many other national properties in their REO holdings. As there has been no post-foreclosure title transfer, this could create a secondary market portfolio that must be dealt with);
- Servicing Companies (many financial institutions contract out with other lending companies to package their collective debt instruments with other lending/broker/servicing/investor/sale transactions &ndash for individual or small lots the time and effort may not allow a servicing company to separate its portfolio);
- Trustees/Receiverships (and other types of ownership where the actual title holder is often hidden &ndash which requires intermediaries to handle financial negotiations and title transfers).

Foreclosure identification and rehabilitation activities for North Chicago&rsquos NSP assisted projects will be conducted by the City of North Chicago. Foreclosure identification and rehabilitation activities for Waukegan&rsquos NSP assisted projects will be conducted by the City of Waukegan. Foreclosure identification and rehabilitation activities for Lake County&rsquos NSP assisted projects (the remaining 50 non-CDBG entitlement jurisdictions) will be conducted by the Affordable Housing Corporation.

Distribution and and Uses of Funds:

The Lake County Consortium submitted a Revised Final NSP Addendum to the 2008 Annual Action Plan that was approved by HUD on January 12, 2009.

The Lake County Consortium signed its NSP Contract with HUD on March 27, 2009.

The Lake County Consortium's Authority to Use Grant Funds is dated May 18, 2009.

The programmatic operation of the Lake County Consortium's NSP activities are more fully described in its approved 60 page NSP Addendum in compliance with all HUD rules, NSP regulations, Citizen Participation requirements, NSP Activity Descriptions and Narrative Statements, Monitoring Standards and Procedures, Certifications, and NSP "Greatest Need" maps and tables (ie: Home Foreclosure Percentages per Municipality, Subprime Home Mortgages per Municipality, and Significant Rise in Home Foreclosures per Municipality).

Description of Key NSP Projects

Lake County has a strong background in CDBG and HOME funded affordable housing practices through its strong expertise in federal and county funded first time homebuyer programs and various housing rehabilitation programs, which already incorporate housing counseling activities. Lake County&rsquos existing CDBG and HOME funded Homeowner Rehabilitation Program (for the 50 non-CDBG entitlement jurisdictions) is administered by the Affordable Housing Corporation of Lake County (AHC). North Chicago&rsquos existing CDBG and HOME funded Homeowner Rehabilitation Program is administered by the City of North Chicago. Waukegan&rsquos existing CDBG and HOME funded Homeowner Rehabilitation Program is administered by the City of Waukegan.

Lake County previously amended its Consolidated Plan and prior Action Plans to allow for NSP-type housing activities (May 25, 2005 and February 14, 2006 through Community Development Commission approval and County Board approval for the acquisition and rehabilitation of vacant, abandoned, or foreclosed properties, respectively). Lake County already has an established Lending Pool Consortium of area bankers. Accordingly, new additional CDBG funding under the Neighborhood Stabilization Program allows for greater coordination of previously separated housing activities through the development of a quick concise specific NSP program balanced against Lake County housing needs.

Lake County&rsquos existing CDBG and HOME funded Homeowner Rehabilitation Program, Homebuyer Assistance (FTHB/APM) Programs, and a Housing Counseling Program are administered by the Affordable Housing Corporation of Lake County (AHC). North Chicago&rsquos existing CDBG and HOME funded Homeowner Rehabilitation Program is administered by the City of North Chicago. Waukegan&rsquos existing CDBG and HOME funded Homeowner Rehabilitation Program is administered by the City of Waukegan. Therefore, as much as possible, Lake County would like to use its existing housing partners to expand its current housing activities under the Neighborhood Stabilization Program.

The Housing and Economic Recovery Act (July 2008) requires that NSP funds be distributed to the areas of greatest need based on three

NSP specific program need categories. In response to HUD's NSP "expedited program implementation" strategy, Lake County has established this NSP Addendum to establish the needs, target areas, and limit the eligible uses of NSP funds in response to the NSP statutory program requirements. Accordingly, priority emphasis and consideration will be provided to those geographic areas of Lake County showing the greatest need, including those:

1. With the greatest percentage of home foreclosures: Under the NSP Program, HUD's Estimated Foreclosure Rate model has identified areas of Lake County having the highest percentage of foreclosures measured by HUD's estimated number of foreclosure starts over 18 months through June 20 divided by HUD's estimated number of mortgages, per HUD's NSP foreclosure data table for the State of Illinois, as having a foreclosure rate above 5.1%;

2. With the highest percentage of homes financed by subprime mortgage related loans: Under the NSP Program, HUD's model has identified areas of Lake County with the highest percentage of homes financed by a subprime mortgage, as having at least 25% high cost loans as a percent of conventional loans made between 2004 and 2006 from Home Mortgage Disclosure Act data where the rate spread is 3 percentage points above the Treasury security of comparable maturity; and/or

3. Identified as likely to face a significant rise in the rate of home foreclosures: Under the NSP Program, HUD's model has identified areas of Lake County likely to face a significant rise in the rate of home foreclosures, as having a high risk factor for foreclosure or abandonment based on a ranking of 8 or above on a scale of 1 to 10 where 10 indicates that the area is in the highest 10 percent of risk nationwide for foreclosure and abandonment based on the combination of HUD's foreclosure risk estimate and USPS residential vacancy rate.

HUD allows NSP recipients to identify other local identifiers of concern. Lake County will also consider other non-NSP stipulated need categories, such as the number and rank of home foreclosures within Lake County municipalities, as identified by the Woodstock Institute. Lake County will need to provide priority emphasis and consideration to those abandoned and foreclosed properties that are located within these areas of greatest need. At the present time it appears as though the following communities have the highest number of foreclosures: Mundelein, North Chicago, Round Lake Beach, Waukegan, and Zion.

At the present time it appears as though the following communities have the highest foreclosure rate per 1,000 owner-occupied units (exclusive of those communities listed above): Round Lake, Round Lake Park, Round Lake Heights, and Hainesville.

Lake County's Neighborhood Stabilization Program Flow Chart

Basically, our program is "a residential recycling program for abandoned or foreclosed properties"

Step 1: Pending foreclosure site

- Select "area of greatest need"
- Property is identified
- NSP process begins
- <60 day old appraisal
- Initial housing inspection

Step 2: Foreclosure

- Sheriff's Sale
- Privately financed mortgagee forecloses for value owed

Step 3: NSP Acquisition Stage

- NSP acquisition occurs at required discount
- =>5% individual
- =>15% aggregate
- NSP pays off privately financed mortgagee (1)
- Title changes hands

Step 4: NSP Rehabilitation Stage

- Secondary housing inspection
- Rehab bid process to select contractor
- NSP pays for required code related repairs
- Third+ housing inspections
- Rehabilitation complete
- Final housing inspection

Step 5: NSP Housing Counseling Stage

- =>8 hours
- =<120% AMI program eligibility
- FTHB assistance provided
- Private mortgage approval of secondary purchaser

Step 6: NSP Sale/Rental Stage

- =<120% AMI household or tenant
- Sale: closing proceeds from secondary private mortgagee pays back NSP funds (2)
- Rental: annual demographic information required
- Recording of NSP mortgage documents will reflect the NSP period of affordability, which will be payable back to Lake County upon sale or transfer of the NSP assisted home.

Economic Stimulus Notes:

(1) foreclosed private financing replaced with discounted NSP funds (of which the original mortgagee can lend back out)
(2) discounted NSP funds + rehabilitation costs replaced with secondary private financing that returns NSP funds (of which NSP can lend back out)

Housing Rehabilitation Standards

Per the NSP requirements, any rehabilitation of an abandoned or foreclosed upon home or residential property shall be to the extent necessary to comply with applicable laws, codes, and other requirements relating to housing safety, quality, and habitability, in order to sell,

rent or redevelop such homes and properties. Rehabilitation activities, per NSP requirements, may include preservation, improving energy efficiency or conservation, or providing renewable energy sources. Where practical, Lake County will encourage that NSP funded governmental and non-profit agencies strategically incorporate modern green building and energy efficiency improvements that provide for long-term affordability and increased sustainability and attractiveness of housing and neighborhoods. The 2003 International Residential Building Code and local municipal building codes will apply to Affordable Housing Corporation NSP-funded rehabilitation activities. The 2003 International Residential Building Code, the 2003 International Property Maintenance Code, fire safety, and other local municipal building codes will apply to North Chicago NSP-funded rehabilitation activities. The 1996 Building Officials and Code Administrators International Inc. (BOCA code), 1992 Council of American Building Officials (CABO code), fire safety, and other local municipal building codes will apply to Waukegan NSP-funded rehabilitation activities.

National Objective	Target	Actual
NSP Only - LH - 25% Set-Aside	\$1,150,200.00	\$1,262,200.00

Overall Progress Narrative:

Lake County continues to be impressed by the progress of all its grantees. The Gabriel's Corner project has 7 of 18 units currently rented to households making less than 50% of the area median income. Rental of units in this project have slowed with the onset of winter and are expected to pickup in the spring. AHC, Waukegan and North Chicago will have sold 21 of the 23 single-family units acquired in 2010 and 2011 by the end of next quarter. While all of our partners have struggled with selling homes, sales have picked-up pace throughout the year as subrecipients learn the intricacies of selling homes in the current market. Three sold units are occupied by households making less than 50% of the area median income.

Due to this success, Lake County and its partners have begun acquiring more homes. AHC has already acquired one unit and expects to acquire 4 more within the next quarter. Waukegan and North Chicago have begun the search, added by Lake County research on current and future foreclosure activities within the NSP3 target areas. Lake County staff will continue to work with this subrecipients and developers to cycle the program income from NSP1 as quickly as possible.

Activity Description:

LCRDC is acquiring and rehabilitating an 18-unit apartment building that will house persons at or below 50% of AMI. This foreclosed property is located in an area of greatest need in Zion.

Location Description:

The NSP Rental Housing Program is County-wide; but must be within the charted Census Tract/Block Group tables and mapped "areas of greatest need" of pre-identified municipalities and unincorporated townships (as identified in the NSP Addendum).

Agency Location: Lake County Residential Development Corporation (LCRDC)

>1280 Blackburn, Gurnee, IL 60031

Project Location: 2711 Gabriel, Zion, IL 60099

Activity Progress Narrative:

One additional unit was rented during this quarter. All 7 units rented thus far are to households making less than 50% of AMI. The developer indicates that demand for the units remains strong, as evidenced by the time expended on tours of the units, but that the onset of winter has slowed lease-up.

Activity Description:

Project Type: Property Acquisition and Rehabilitation of Abandoned and Foreclosed Homes and Residential Properties for Single Family Homes; Financing Mechanisms for Purchase and Redevelopment; First Time Homebuyer Assistance Program / Affordable Plus Mortgage Program; Homebuyer Housing Counseling Program.

Consolidated Plan Goal: #1.3, #1.4, #1.5

Activity Summary: The acquisition of vacant, foreclosed, or blighted properties and the rehabilitation/re-sale of existing single family home by NSP eligible homebuyers through one of four NSP functions:

(1) Acquisition / Rehabilitation: The acquisition of vacant, foreclosed, or blighted properties and the rehabilitation/re-sale of existing single-family homes by NSP eligible homebuyers. Provides up to \$199,368 county-wide average per house for acquisition and substantial rehabilitation (inclusive of all NSP funded activities except for program administration), including the correction of lead-based paint hazards, for 15 income-eligible owner-occupied one to four unit single family properties. Household income and eligibility will be determined prior to the foreclosed property being acquired and prior to the completion of rehabilitation activities; it is intended that household income and eligibility be determined as a component of the Housing Counseling assistance provided through the NSP program.

(2) Financing Mechanisms: Establishment of financing mechanisms for the secondary acquisition of previously vacant, foreclosed, or blighted properties and the rehabilitation of existing homes by NSP eligible homebuyers. Financing may include such mechanisms as soft-second, loan loss reserves, and shared-equity loans for low, moderate, and middle income homebuyers. Assistance may come in the form of low-interest amortized loans or deferred loans, not to exceed 20% loan-to-value or \$20,000 per house to secure the Period of Affordability, depending on the financial situation of the (pending) homeowner.

(3) Homebuyer Assistance: Provision of direct homeownership assistance to first-time homebuyers up to \$3,000 - \$8,000 in HOME funds and \$14,000 in IHDA funds (if the household income is at or below 80%); \$17,000 to \$22,000 in soft second NSP financing (if the household income is at or below 120%); and a \$35,000 fixed rate Private Lending Consortium Loan Pool loans at 4% as purchase assistance that covers the secondary acquisition of previously abandoned and foreclosed homes, post-rehab, to be used for downpayment, closing costs, and/or interest buydowns.

Priority emphasis under the NSP-funded activities will include:

- a. Targeting prospective homebuyers receiving public housing assistance or living in public or manufactured

housing. Outreach meetings and written materials will be provided to municipalities, real estate agents, social service agencies, and the Lake County/North Chicago/Waukegan Housing Authorities.

b. Pre-purchase homebuyer education and foreclosure prevention education to prospective homebuyers.

Federal and State purchase assistance, for NSP income eligible homeowners, will be structured in the form of 0% loans payable by the homeowner upon sale or transfer of the property or upon default.

The Affordable Housing Corporation will receive a project delivery fee of \$2,000 per FTHB / APM assisted household.

(4) Housing Counseling: The Lake County Affordable Housing Corporation will carry out a housing education and counseling program in connection with its NSP-funded Housing Rehabilitation programs and the Cities of North Chicago and Waukegan NSP-funded Housing Rehabilitation programs. Housing Counseling services provided by the Affordable Housing Corporation include: Homebuyer Education Programs, Mortgage Delinquency and Default Resolution Counseling, Predatory Lending Education, and Pre-purchase Counseling. Each NSP assisted homebuyer must receive and complete at least 8 hours of housing counseling assistance under the NSP program including financial literacy assistance and individual household case management/follow-up before obtaining a mortgage loan. Public services for housing counseling will be provided only to the extent that counseling beneficiaries are limited to prospective purchasers or tenants of NSP-funded redeveloped properties. While there are other housing counseling agencies in Lake County (including the Lake County Housing Authority, Lake County Community Action, Catholic Charities, and Consumer Credit Counseling Service), the Lake County Affordable Housing Corporation already provides HUD-required HUD-approved housing counseling under the CDBG and HOME Programs. Lake County, and its NSP funded Subrecipients, must ensure that NSP assisted homebuyers obtain a mortgage loan from a lender who agrees to comply with the bank regulators’s guidance for non-traditional mortgages and that documented compliance is maintained for each NSP assisted homebuyer (per the NSP program requirements and the Statement on Subprime Mortgage Lending issued by the Office of the Comptroller of the Currency, Board of Governors of the Federal Reserve System, Federal Deposit Insurance Corporation, Department of Treasury, and National Credit Union Administration, available at www.fdic.gov/regulations/laws/rules/5000-5160.html).

Specific neighborhoods, street addresses, and census tract/block groups will have to be identified prior to initiation of NSP activities and the acquisition/rehabilitation of specific foreclosed properties will be dependent upon many cost and time factors, not to mention the availability of foreclosed affordable properties. It is currently anticipated that the acquisition of an abandoned or foreclosed home or residential property would occur either: 1) in advance by the Affordable Housing Corporation/North Chicago/Waukegan; or 2) during the NSP assisted homebuyer’s Housing Counseling sessions and pre-qualification for mortgage assistance. If a home acquired under the NSP Program can not be quickly re-sold to an income eligible household it will be held for agency rental purposes, leased with an option to buy for a future income eligible household, or temporarily left vacant and sold at a later date to an income eligible household.

Location Description:

Agency Location: 1590 S. Milwaukee Avenue, Suite 312, Libertyville (Affordable Housing Corporation)

Project Location: Scattered sites or site-specific neighborhoods throughout Lake County, within identified areas of greatest need.

Activity Progress Narrative:

During this quarter AHC made significant progress both selling its existing stock of units and acquiring units for rehabilitate and resale. AHC sold and reported program income for 426 Heather Terrace. With the completion of this unit, AHC has sold and returned program income for 9 of the initial 12 units. Additionally AHC agreed to sale contracts for 204 Evergreen and 372 Camden. It is anticipated that sales of these units and receipt of the associated program income will occur next quarter. AHC has remained active in marketing all of its units, though only one (1512 Cherokee) remains for sale at this time. AHC contributes the difficulty in selling this unit to the general market conditions (unemployment, oversaturated sales market, difficulty in obtaining loans, etc).

With the success in selling so many of its units, AHC has acquired additional properties with program income. The focus in this round of acquisitions is on the Village of Mundelein. AHC put in offers on a number of properties. The acquisition of 264 Garfield occurred this quarter and rehabilitation began. Offers four additional properties were accepted in the quarter and acquisition of these units should occur in the next reporting period. Lake County continues to assist AHC in identifying units to acquire within the NSP3 Mundelein Target Area.

Activity Description:

Project Type: Property Acquisition and Rehabilitation of Abandoned and Foreclosed Homes and Residential Properties for Single Family Homes; Financing Mechanisms for Purchase and Redevelopment; First Time Homebuyer Assistance Program / Affordable Plus Mortgage Program; Homebuyer Housing Counseling Program.

Consolidated Plan Goal: #1.3, #1.4, #1.5

Activity Summary: The acquisition of vacant, foreclosed, or blighted properties and the rehabilitation/re-sale of existing single family home by NSP eligible homebuyers through one of four NSP functions:

(1) Acquisition / Rehabilitation: The acquisition of vacant, foreclosed, or blighted properties and the rehabilitation/re-sale of existing single-family homes by NSP eligible homebuyers. Provides up to \$199,368 county-wide average per house for acquisition and substantial rehabilitation (inclusive of all NSP funded activities except for program administration), including the correction of lead-based paint hazards, for 15 income-eligible owner-occupied one to four unit single family properties. Household income and eligibility will be determined prior to the foreclosed property being acquired and prior to the completion of rehabilitation activities; it is intended that household income and eligibility be determined as a component of the Housing Counseling assistance provided through the NSP program.

(2) Financing Mechanisms: Establishment of financing mechanisms for the secondary acquisition of previously vacant, foreclosed, or blighted properties and the rehabilitation of existing homes by NSP eligible homebuyers. Financing may include such mechanisms as soft-second, loan loss reserves, and shared-equity loans for low, moderate, and middle income homebuyers. Assistance may come in the form of low-interest amortized loans or deferred loans, not to exceed 20% loan-to-value or \$20,000 per house to secure the Period of Affordability, depending on the financial situation of the (pending) homeowner.

(3) Homebuyer Assistance: Provision of direct homeownership assistance to first-time homebuyers up to \$3,000 - \$8,000 in HOME funds and \$14,000 in IHDA funds (if the household income is at or below 80%); \$17,000 to \$22,000 in soft second NSP financing (if the household income is at or below 120%); and a \$35,000 fixed rate Private Lending Consortium Loan Pool loans at 4% as purchase assistance that covers the secondary acquisition of previously abandoned and foreclosed homes, post-rehab, to be used for downpayment, closing costs, and/or interest buydowns.

Priority emphasis under the NSP-funded activities will include:

- a. Targeting prospective homebuyers receiving public housing assistance or living in public or manufactured

housing. Outreach meetings and written materials will be provided to municipalities, real estate agents, social service agencies, and the Lake County/North Chicago/Waukegan Housing Authorities.

b. Pre-purchase homebuyer education and foreclosure prevention education to prospective homebuyers.

Federal and State purchase assistance, for NSP income eligible homeowners, will be structured in the form of 0% loans payable by the homeowner upon sale or transfer of the property or upon default.

The Affordable Housing Corporation will receive a project delivery fee of \$2,000 per FTHB / APM assisted household.

(4) Housing Counseling: The Lake County Affordable Housing Corporation will carry out a housing education and counseling program in connection with its NSP-funded Housing Rehabilitation programs and the Cities of North Chicago and Waukegan NSP-funded Housing Rehabilitation programs. Housing Counseling services provided by the Affordable Housing Corporation include: Homebuyer Education Programs, Mortgage Delinquency and Default Resolution Counseling, Predatory Lending Education, and Pre-purchase Counseling. Each NSP assisted homebuyer must receive and complete at least 8 hours of housing counseling assistance under the NSP program including financial literacy assistance and individual household case management/follow-up before obtaining a mortgage loan. Public services for housing counseling will be provided only to the extent that counseling beneficiaries are limited to prospective purchasers or tenants of NSP-funded redeveloped properties. While there are other housing counseling agencies in Lake County (including the Lake County Housing Authority, Lake County Community Action, Catholic Charities, and Consumer Credit Counseling Service), the Lake County Affordable Housing Corporation already provides HUD-required HUD-approved housing counseling under the CDBG and HOME Programs. Lake County, and its NSP funded Subrecipients, must ensure that NSP assisted homebuyers obtain a mortgage loan from a lender who agrees to comply with the bank regulators’s guidance for non-traditional mortgages and that documented compliance is maintained for each NSP assisted homebuyer (per the NSP program requirements and the Statement on Subprime Mortgage Lending issued by the Office of the Comptroller of the Currency, Board of Governors of the Federal Reserve System, Federal Deposit Insurance Corporation, Department of Treasury, and National Credit Union Administration, available at www.fdic.gov/regulations/laws/rules/5000-5160.html).

Specific neighborhoods, street addresses, and census tract/block groups will have to be identified prior to initiation of NSP activities and the acquisition/rehabilitation of specific foreclosed properties will be dependent upon many cost and time factors, not to mention the availability of foreclosed affordable properties. It is currently anticipated that the acquisition of an abandoned or foreclosed home or residential property would occur either: 1) in advance by the Affordable Housing Corporation/North Chicago/Waukegan; or 2) during the NSP assisted homebuyer’s Housing Counseling sessions and pre-qualification for mortgage assistance. If a home acquired under the NSP Program can not be quickly re-sold to an income eligible household it will be held for agency rental purposes, leased with an option to buy for a future income eligible household, or temporarily left vacant and sold at a later date to an income eligible household.

Location Description:

Agency Location: 1850 Lewis Avenue, North Chicago (North Chicago).

Project Location: Scattered sites or site-specific neighborhoods throughout the City of North Chicago, within identified areas of greatest need.

Activity Progress Narrative:

Due to its activity this quarter, North Chicago is in an excellent position to begin another round of unit acquisitions in the upcoming reporting period. With its initial allotment of grant funds, North Chicago acquired and rehabilitated 3 units. Last quarter the City sold 1932 Seymour. This quarter the City sold 2100 Wallace and placed 2809 18th Street under contract. Despite working without a realtor, North Chicago’s consistent community outreach through City-based advertising has led to successful sales.

Location Description:

Agency Location: 100 N. Martin Luther King Jr. Avenue, Waukegan (Waukegan).

Project Location: Scattered sites or site-specific neighborhoods throughout the City of Waukegan, within identified areas of greatest need.

Activity Progress Narrative:

While the City of Waukegan did complete sales during this quarter, demographic and program income information on these sales will be reported in the next reporting period because the County did not receive the program income in time.

At this time the City has sold or placed under contract 7 of its 8 units. Three units were reported as sold in previous quarters. An additional 2 units were sold this quarter and 2 more will be sold during the upcoming quarter. The only unit the City has had difficulty selling is 622 Lewis. Few purchasers have inquired regarding the property. Lake County will work with Waukegan to review data from its realtor to ensure that the unit is properly priced and, if necessary, take other steps to understand why this unit has been so slow to sell.

Activity Description:

Consolidated Plan Goal: #3.5

Activity Summary: These funds will be used primarily for:

(1) the general management, oversight, and coordination of the Community Development Block Grant funded Neighborhood Stabilization Program, the development and certification of the NSP Addendum to the 2008 Annual Action Plan, the development of various performance report documents, and the development of continued application procedures in addition to general NSP project and program management activities. In addition, some of these funds may be used for special planning studies (if needed or requested). These funds will also be used to provide technical assistance for prospective CDBG funded NSP eligible local governments and/or non-profit agencies, NSP related training/workshops, and review of NSP funded project performance.

Included as project administration activities is the County-wide standardization of NSP-related costs for:

- o contracted title services to identify/confirm post-foreclosure ownership (1 per house estimated at \$100 each);
- o appraisal services for post-foreclosure Fair Market Value determinations and post-rehabilitation housing purchase valuations (2 per house estimated at \$300 each);
- o legal representation to ensure NSP-required program and legal compliance during the acquisition of foreclosed properties for upfront legal costs (estimated at \$1000 per house) and at each post-rehabilitation closing (1 per house estimated at \$350 each);
- o contracted title services to identify/confirm post-closing NSP-required low and moderate income ownership, including NSP household eligibility and NSP period of affordability restrictions (1 per house estimated at \$100 each); and
- o these funds will also be used to distribute and provide program advocacy regarding the 2010 – 2014 Housing and Community Development Consolidated Plan and its respective program needs statements, goals, and strategies as they relate to the NSP program.

Location Description:

Activity Progress Narrative:

With the success of our program partners in selling and renting units, Lake County has taken two separate administrative tasks.

- For the Gabriel’s Corner project, Lake County staff focuses on monitoring the successful rental of all 18 units. Understanding that rentals slow during the winter monitoring of interest, draws on rent-up contingencies and occupants will increase again in the spring.
- For all acquisition/rehab programs, Staff has begun helping AHC, Waukegan and North Chicago identify units for the next round of acquisitions within the NSP 3 target areas. Using this information AHC was able to sign a purchase agreement for 121 S. Archer in Mundelein. Waukegan and North Chicago are expected to ramp-up purchase efforts in the coming quarter. All existing monitoring activities, including individual file reviews for all sold units occurs on an as-needed basis.
