I would like to be considered as a member for the Stakeholder Involvement Group (SIG) of the Darrell Road Phase I Study, to assist the Lake County Division of Transportation (LCDOT) in the project development process for this project.

SIG Membership Commitment

I understand that I am making a commitment to attend all SIG meetings and complete all reviews requested of SIG members, and that the commitment extends until completion of the current Phase I Study which is anticipated to occur in 2016. SIG meetings are anticipated to occur throughout the duration of this project.

I understand that LCDOT must maintain the established project schedule and that if I cannot fulfill this commitment to the project that LCDOT may need to replace me on the SIG in order to ensure the project schedule is maintained. I understand that depending on the number of SIG membership requests, LCDOT may limit SIG membership to one or two members from similar interests/entities to ensure fair representation from the community with an effective group size.

Please note that it is intended that most SIG meetings will be held in an afternoon or evening and last approximately two hours per meeting. Please take this into consideration when contemplating your own commitment to the group.

Please Submit to LCDOT by February 24, 2015

In order to be considered for membership on the Darrell Road Phase I Study Stakeholder Involvement Group, this form must be received by LCDOT by February 24, 2015.

This form may be returned to Lake County Division of Transportation by mail or email at the address below:
